

GREAT DEVELOPMENT OPPORTUNITY IN BEECHVIEW

1619 Beechview Avenue

Purchase Building in Beechview's Commercial Core!

The opportunity here is limited only by your own vision. The URA owns this building that most likely should be torn down, leaving a corner lot with unlimited potential. A new building with three floors could be a restaurant, a convenience store, a diner, with cash-flowing rental units above.

Owned by the city's Urban Redevelopment Authority, this building could be a great opportunity for a developer with the financial strength to execute on a transformational vision for the community. If you have an idea, contact Kryn Hoyer-Winfield, at (412)-255-6554 or khoyer-winfield@ura.org.
